

Green thumbs wanted for Earth Day tree planting April 26

Stoney Creek News

Apr 25, 2008

Sunoco and the Suncor Energy Foundation, in partnership with Earth Day Hamilton, and the Bay Area Restoration Council, is holding its annual Sunoco Earth Day Tree Planting event Saturday April 26 at Princess Point in Hamilton.

For 13 years, Sunoco has partnered with Earth Day Canada, conservation authorities and municipalities to organize tree-plantings in communities across Ontario from late April to early May.

Along with tree planting, families can enjoy many other activities, such as wagon rides, a raptor exhibit and barbecues. Families can also learn about conservation.
