

**Project Paradise Field Season Review
2008 Field Season**

February 26, 2009

Each year the Royal Botanical Gardens hosts a workshop for those involved in Cootes Paradise and Grindstone Creek research and monitoring. Approximately 50 researchers and observers attended the workshop. The research presented at this workshop is, in most cases, preliminary in nature and the workshop is intended as a forum for researchers to exchange information and ideas. The topics presented are included in the following list along with the presenters name and email address.

Restoring Southern Wild Rice (<i>Zizania aquatica</i> L.) to Cootes Paradise: Importance for a Species in Decline	Peter Lee Peter.Lee@lakeheadu.ca
